SJ491 - Cody Cattle Drive - 4' dia. has a 9" tall steel ring with an offset cattle drive scene. Mica inset behind the ring gives the scene a sunset colored outline. The chandelier hangs from hand-wrought branding irons and hooks. Light covers are 48" dia. x 30" tall 85 lbs. pack/ship* \$150

famous western brands.
w/Rawhide Dome. \$5,500
Acrylic dome \$5,100

SJ391 Crystal Peak

All North American big game animals & predators on a sculptural mountain made of steel. Real crystals top the mt. and glow like snow and ice. Has a 6 sided rawhide shade. All lights are internal. 36" dia. x 70" tall Pack/ship* 50lbs. \$150 \$7,500.00

Light Cover Symbols

SJ490

SJ490

SJ390 & SJ490 Series **Steel & Brass Chandeliers** have a 4" steel ring with hammered brass detail. The scenes are dimensional. The elk model has 6 elk burrs, the stampede or cattle drive model has 6 wrought iron steer heads and the Eagle scene has feather accents. Other silhouettes from page 6-7 may be used. Please specify when ordering.

Available with rawhide or mica shades and a handmade rawhide dome or a variegated translucent acrylic dome backed by golden oak.

All are UL approved internal wiring. 100% satisfaction guarantee. Available in glossy black, flat black or rust patina (add 10% for rust patina). 6 ft. of matching chain, canopy and hardware included. Please specify chain length.

SJ290 24" dia. x 24" tall approx. 30lbs Pack/ship* \$60

SJ390 36" dia. x 26" tall approx. 45lbs Pack/ship* \$90

SJ490 48" dia. x 26" tall approx. 60lbs Pack/ship* \$150

*Packing/shipping prices are for any destination in the continental U.S. Prices may fluctuate due to rising fuel prices.

SJ 490 Ceiling Fan Surround A new look for ceiling fans! A 4 ft. chandelier with rawhide shades and 6 different eagles around the rim encircles a 32" ceiling fan. (Available in larger sizes.) Finished in rust patina and accented by brass it is available in larger sizes with different scenes from our extensive collection of highly detailed western and wildlife steel figures. (Go to the figure index to view more possibilities.)

4 hanging rods with hand wrought hooks and a custom canopy allows separate installation around a ceiling fan. (Must be wired separately from fan.)

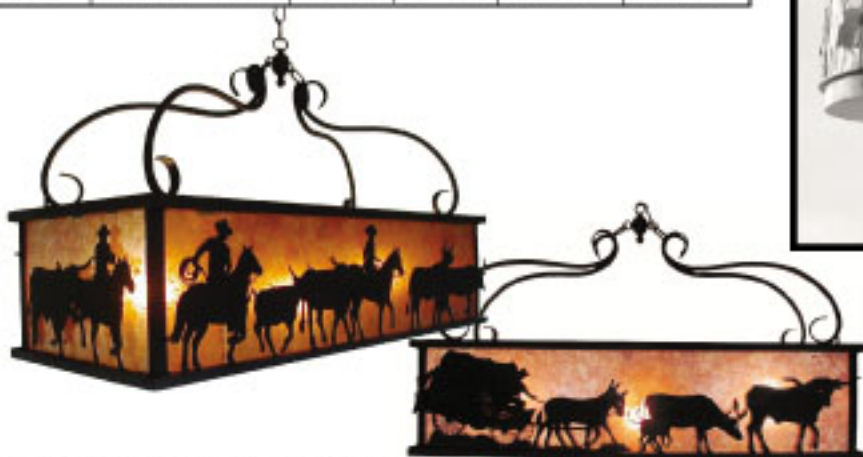

Sold with or without ceiling fan.

SJ492 Sunset Trail Shown with a rawhide dome, a cattle drive backed with sunset colored mica winds its way around the Sunset Trail chandelier. The 25± figures are all different. Lampshades and dome are natural rawhide. Hanging rods, hanging hook and branding irons are hand wrought with your choice of brand or initials (if possible). Finished in rust patina, deep and variegated tones of brown, russet and burnt oranges. The bottom under the dome is golden Oak.

Model	Size	Wght.	Pack/ship	w/Acrylic Dome	Rawhide Dome
SJ492	48" dia x 40"h	68lbs.	\$150	\$4,990	\$5,200

SJ5410 Chisholm Trail chandelier has a cattle drive that wraps all the way around the chandelier. Backed with translucent mica that imparts a warm golden-brown when the lights are off and a beautiful sunset-color when lit. It is suspended from four graceful scrolls balanced to hang from a single chain in the center. There are three lights in the center -- plenty to illuminate your pool table, bar, dining table or any space where a more rectangular fixture is needed.

Custom Sizes Available

YOUR CHOICE OF SILHOUETTES

We now stock more than 60 different silhouette images. They may be placed in scenes with trees and/or mountains. Images are available on lighting and furniture designs as shown on each catalog page.

We draw all of our own silhouettes then render them into steel. We can create your favorites for an additional \$15 artwork charge for each single figure. Please note that not all silhouettes fit on wall sconces and certain other pieces.

Available in three finishes; Glossy Black, Flat black or Rust Patina. (Add 10% for Rust Patina.)

Please specify which silhouette/s you prefer when you place your order.

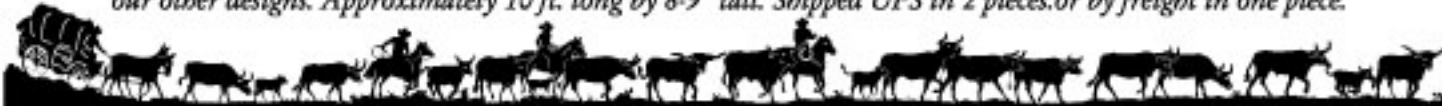

SILHOUETTE SCENES

All drawings® Silver Jack Iron Works 2002

Silhouette Scenes are used for custom back bar canopies, window tops, entry ways, estate gate headers or anywhere a spectacular scene is needed. Individual or smaller groups of these figures may be ordered. 100% guarantee. Choose glossy black, flat black or rust patina (add 10% for rust patina). A panel backed with mica and backlit is an effective treatment.

SJ915 Stampede Scene (not all figures will fit on all products). Figures available separately or in smaller groups for our other designs. Approximately 10 ft. long by 8-9" tall. Shipped UPS in 2 pieces or by freight in one piece.

SJ910 Cattle Drive Scene with Chuck Wagon approximately 12" tall x 15' long. Shipped in 2 pieces. Figures available separately or in smaller groups for our other designs.

WWW.SILVERJACKIRONWORKS.COM

ORDERING INFORMATION

Custom lighting is our specialty. We now offer more than 10 standard designs and we're always coming up with new ideas as we design custom pieces by request. We take pride in our work.

• **How to order** - Please call us at 1-888-716-8484 to place an order.

• **Your Piece Will Be Unique** - Sizes listed are approximate because each piece is put together by hand and because no two are exactly alike.

• **Custom Options** - Standard pricing listed is for pieces as you see them in the catalog or web site. We can create a custom piece just the way you want it. We will quote custom work.

• **Shades Available** - We use rawhide shades or mica shades on most pieces. Glass shades are an option on some models or you may order pieces with no shades. Please specify type of shade.

• **You Specify Chain Length** - If not otherwise indicated, chandeliers come with 6 ft. of chain and 7 ft. of wire. We'll ask you for the exact lengths you'll need when you place an order. Chain lengths over 6 ft. will be charged @ \$1 per foot.

• **Turnaround** - Orders are completed on a first-come, first-served basis and are scheduled based on how long it takes to build each order. Please call for our current turnaround. You will be given an order completion date when you place an order. We strive to complete your order as soon as possible.

• **Rush service** - We also offer a rush service for an additional 25 percent on the item price. Rush service means that you are placed at the head of the list and the item will ship as soon as we get the materials in (if we don't already have them in stock) and as soon as the item is

completed. We can't guarantee the delivery time by UPS or by freight truck. Guaranteed delivery services are much more expensive than the prices we've given next to each item. We can get you a quote upon request.

• **Deposit Required** - We accept Mastercard, Visa, personal or business checks, money orders, or certified checks.

We require payment in full prior to shipping any order. We require a 50 percent deposit to place an order. If you order a standard item, we will refund one half of your deposit if you cancel your order. If you order a custom design, the deposit is not refundable if you decide to cancel. The balance on any order is due prior to shipping.

If paying with non-certified funds we require a 100 percent deposit and have a two-week waiting period for bank clearance.

• **Packing & Shipping** - We have easy-to-use packing and shipping prices to any location within the continental United States. The packing and shipping price is listed next to each piece on the price sheet. Shipping may vary due to rising fuel prices. *If you are ordering more than one piece, the packing and shipping price is often much less - please ask for a quote.* Call for rates to Alaska & Hawaii.

Shipments outside the continental United States are entirely the responsibility of the customer.

• **100% Satisfaction Guarantee** - If you aren't completely satisfied with your purchase from SilverJack IronWorks, we'll replace it if it gets damaged, exchange it if it's not right, or refund your money! You are responsible for the actual cost of packing and shipping on exchanges and returns, but not on damages (see "guaranteed delivery" below). Please note that the ACTUAL COST of packing and shipping is usually more than we

charge for the initial shipment. Please save the carton or crate we send just in case! We will refund your money when we receive the returned item.

• **We Guarantee Delivery** - We ship F.O.B. our destination for shipments within the continental United States. That means we take responsibility for your shipment until it is actually delivered to your door. If the freight company damages your shipment, we will have it returned, take care of the claim, and get you a new piece as soon as possible. Please save the carton or crate we send just in case! Any damage should be noted on the delivery receipt to help expedite the return.

• **Chandeliers & Sconces are UL Approved** - You can be sure your fixture is safe because all directly wired fixtures by SilverJack IronWorks are approved by Underwriter's Laboratories to meet their standards for electrical safety. That means we must use lighting parts that are manufactured to UL standards and each finished piece must also conform to their standards. Each piece must pass a dielectric test in which we run 1,200 volts through the wiring to make sure there are no short circuits and UL inspectors randomly visit our workshop to inspect our methods and records. We provide a packet that includes a canopy, mounting hardware, our UL number, and our address and phone number.

• **Use Up To 60 Watt Bulbs** - Our chandeliers feature candelabra-style light sockets (small bases) for which you can buy a variety of wattages up to a maximum of 40 watts. (Rawhide shades dry and crack if higher wattages than specified are used.) Large Edison-style light sockets are available on larger chandeliers and Scroll chandeliers.
