## YOUR CHOICE OF SILHOUETTES

We now stock more than 60 different silhouette images. They may be placed in scenes with trees and/or mountains. Images are available on lighting and furniture designs as shown on each catalog page.

We draw all of our own silhouettes then render them into steel. We can create your favorites for an additional \$15 artwork charge for each single figure. Please note that not all silhouettes fit on wall sconces and certain other pieces.

Available in three finishes; Glossy Black, Flat black or Rust Patina. (Add 10% for Rust Patina.)

Please specify which silhouette/s you prefer when you place your order.

## SILHOUETTE SCENES

**Silhouette Scenes** are used for custom back bar canopies, window tops, entry ways, estate gate headers or anywhere a spectacular scene is needed. Individual or smaller groups of these figures may be ordered. 100% guarantee. Choose glossy black, flat black or rust patina (add 10% for rust patina). A panel backed with mica and backlit is an effective treatment.

**SJ915 Stampede Scene** (not all figures will fit on all products). Figures available separately or in smaller groups for our other designs. Approximately 10 ft. long by 8-9" tall. Shipped UPS in 2 pieces or by freight in one piece.

**SJ910 Cattle Drive Scene with Chuck Wagon** approximately 12" tall x 15' long. Shipped in 2 pieces. Figures available separately or in smaller groups for our other designs.
